

## Your finances at your fingertips!

If you currently don't bank online, now is the time to try! You'll wonder why you didn't start sooner. You'll be amazed at how easy it is!

With Online Banking you can:

- Check your account balances daily
- Glance to see what checks/debits cleared
- Transfer money from checking to savings
- Print a copy of last month's statement
- Receive account balance alerts
- Export account info into your favorite financial software

# Protected — no matter where you are.

At Maricopa Santa Fe Federal Credit Union (MSFFCU), we take a proactive approach with your Online Banking account security. As a result, we have launched a new and innovative security feature.

This new feature not only allows us to authenticate you when you are logging into Online Banking, but it will prove that you are at our valid web site and not an imposter.

## How we will authenticate you:

### • Registered Computer:

For computers that you use regularly to access Online Banking, you will have the opportunity to “register” that computer with the online security system. Logging in using a known computer gives the security system another way of identifying you and makes for a shorter, more secure login process.

### • Challenge Questions:

During your initial setup, you will select from numerous possible challenge questions and provide answers that only you will know. The challenge questions will be used to help identify you when you are logging into Online Banking from an unknown computer.

## How you authenticate us:

### • Welcome Phrase:

You will have the ability to create your own

unique welcome phrase that will appear every time you log in – ensuring that you are entering our legitimate Online Banking web site.

### • Security Image:

You will also be able to choose your own unique image that will appear each time you log in. When you see the image that you selected, you can have confidence that you are in the right place.

## Enrolling is easy...

Call us at MSFFCU to enroll. Within minutes, you will be able to securely log into Online Banking.

Upon your first login, all you'll have to do is follow these simple steps:

1. Enter your User ID and click 'Validate', then enter your Password and click 'Login'.
2. Select your image and click 'Accept Image.' You will then be asked to name your image and answer a few short security questions.
3. Click 'Preview' and confirm all of your data is correct, then

select 'Finished Login'.

Once you have logged in, the first screen you will see is the Account Summary screen. This is where you can view detailed transaction lists for any of your accounts as well as view the account balance and transfer funds.

You'll discover a whole new way to spend your free time! **So secure, so simple — no matter where you are!**

**Call us at Maricopa  
Santa Fe Federal  
Credit Union  
to sign up today!**
